

Candles for

Cut slit

Cut slit

Cut out the candles at the bottom of this page and the paper strip at the top. Glue the candles next to the taller candle shown above. Your teacher will cut the slits. Print your name in the title box. Slide the paper strip through the slits so the blank side shows. Draw a Menorah, Kinara or wreath under the candles. Pull the strip to cover the flames as your teacher tells you how many to cover. Then pull the strip back to uncover the number of flames your teacher indicates.
